

Instruction 3

on setting tariffs for services

1. Clearing-settlement tariff

The clearing settlement tariff is 0,04 lei/MWh

- The tariff is charged for all transactions sent to the Counterparty.
- The tariff applies for each part of the Transaction, the buyer and the seller.
- The tariff is charged only once on the date of completion of the Transaction and shall be invoiced monthly.
- The tariff does not change retroactively for a completed Transaction. Any modification shall be applicable only later in case of modification of this Instruction and shall be published notified to MC at least 10 working days before the entry into force.
- **The tariff applies starting with the launch date of the Services: July 1st, 2019.**

2. Clearing Member Tariff

The Clearing Member tariff is 1.000 lei / month

- The tariff is charged for each Clearing Member individually.
- The amounts collected from the clearing member tariffs shall be integrated in the Guarantee Fund.
- **The tariff is applied starting with January 1st, 2022.**

3. Value added tax

All Tariffs charged by the RCE shall be subject to VAT

- The value of the VAT is added to the value of the tariffs mentioned under points 1 and 2.
